Chapter One

Have fun with your friends

Do the things you love with your friends! DeMolay Chapters follow their members' interests and help you have more fun with your friends than you could alone. Get involved and start making memories that will last with your new friends. You control the content of your DeMolay Experience.

Make friends around the world

When you join DeMolay, you form an immediate connection with over 15,000 current DeMolays and thousands of alumni around the world. Your DeMolay Experience will not be confined to your Chapter. Reach out to your friends around your state, in different parts of the country, or even from around the world!

Help shape your community

DeMolay Chapters strive to become vital parts of their community. They often volunteer and raise money for worthy causes. In recent years, Chapters have raised money for medical research, volunteered to help at local food banks, and many other activities. DeMolays make a tremendously positive impact on their communities. By joining DeMolay, you become a part of that legacy of service.

Find someone to help you grow

DeMolay Advisors are there to help mentor you as you progress in DeMolay, and in your life. They are positive role models who take a real interest in you. Advisors will help mentor you in your Chapter and whenever else you might need it – whether that's with school, finding a job, or in your relationships with other people. The Advisors who will become your mentors come from every walk of life. They are united by the desire to help young men become the best versions of themselves.

Grow as a leader

DeMolays lead their Chapters. While adult Advisors are there to mentor DeMolays and make sure things go smoothly, they are not the ones who decide what the Chapter does. As part of your DeMolay Experience, you get the chance to explore your leadership potential in a low-pressure environment, where your friends and Advisors are helping you to succeed. As you grow in DeMolay, you might even have the opportunity to lead more of your friends at the state level or even beyond. This experience can be vital in helping you build confidence, and prepare you for success later in life.
